

BOTSVILLE UNIVERSITY · EPISODE 1

Welcome to Botsville University!

An illustrated read-along for older kids and grown-ups

Made with love by a Nana and her grandkids, with help from the bots of Botsville USA.

Narrator Botsville is a town the bots built, brick by brick. And it never stops growing. Every new adventure adds something new.

Narrator This time, the Builder Team took on their biggest project yet: a university, for older kids and grown-ups who love to learn.

Planzo Last brick on the clock tower... and, done!

Narrator Brick-built halls. A great library.

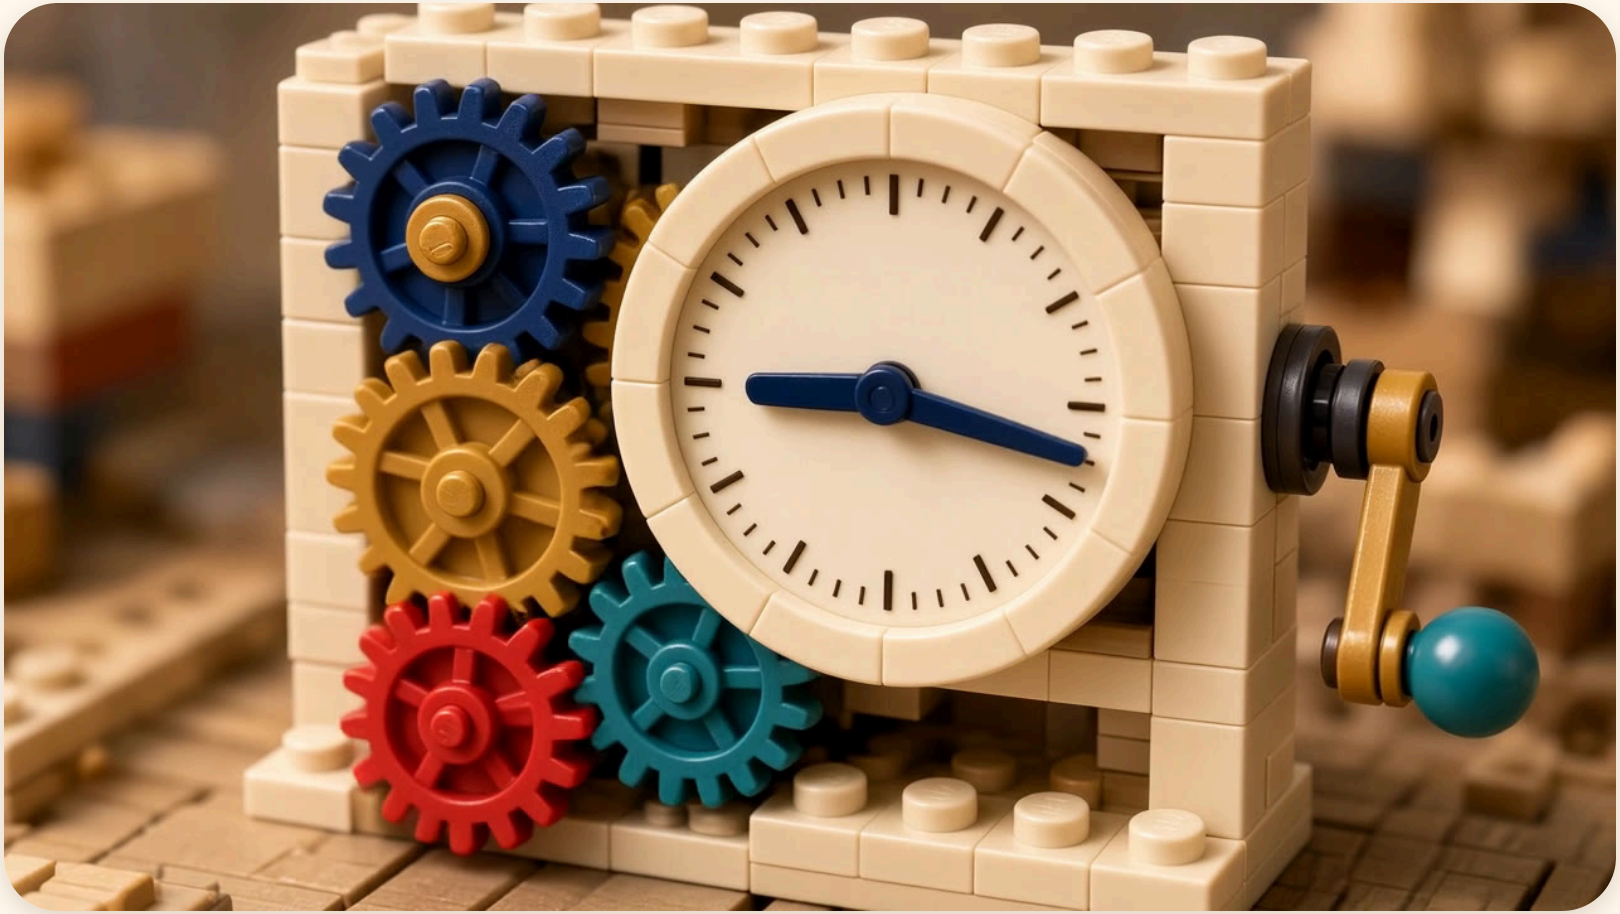

Narrator A science lab with a telescope dome. And a clock tower that chimes every hour.

Nana Hello, everyone. I'm Nana, President of Botsville U.S.A. Welcome to Botsville University! Our new campus is ready. But it still needs one very important thing.

Nana Botsville is searching for the University's very first President. Someone wise, curious, and kind. Someone who never stops asking "why?" and "how?"

Narrator Here, we'll explore real science, how things work, the stories of history, smart money skills, and the art of building. Always with real facts, and where they come from.

Professor Tinkersby A university President? Oh, how exciting. Let's wonder together!

Nana So, who will it be? Could it be someone you know? Could it be... you? Stay tuned!

Can you remember?

Point to the answer, or circle it!

Which of these is part of the new campus?

- A water park
- A science lab with a telescope dome
- A race track
- A zoo

How often does the campus clock tower chime?

- Every minute
- Once a year
- Every hour
- Never

What is Botsville searching for?

- A new mayor
- A head chef
- A football coach
- The University's very first President

Answers: A science lab with a telescope dome · Every hour · The University's very first President

You did it!

Nana **Welcome to Botsville University!**

I am a **Botsville University Explorer!**

Name: _____

For grown-ups: Talk about it together: so, who will it be? Could it be someone you know? Botsville University will explore real science, how things work, the stories of history, smart money skills, and the art of building, always with real facts, and where they come from.

Made with love by a Nana and her grandkids, with help from the bots of Botsville USA.
